

Workshop Purpose

- Help CLT take the method to the next level
- Share where you are in the leadership model
- Uncover some Campaigns you can lead
- Be part of CLT

Why is leadership so important to EPA/CLT?

In the CLT model,
leadership is the critical driver
in a community bringing severe
toxic air situations under control.

The 800 lb Gorilla in the Room

Why leadership is the key

Leadership Development: The Practice We Want To Master.

How can I walk into a room full of people at and behave in such a way that I surface the natural leadership in the room and get into action?

CLT Method

- Name leadership as the key
- Participants self identify
- Bring empathy forth
- Inspire & enCOURAGE with models
- Choose the Campaign
- Learn the language of leaders
